**More Able and Talented  
Policy**

**September 2021**

### 1 Introduction

- 1.1 We believe that all children are entitled to an education that will enable them to develop to their full potential, be that intellectual, physical, aesthetic, creative, emotional, spiritual or social. We are committed to providing a stimulating and suitably challenging curriculum for all its pupils, in the pursuit of the highest academic and pastoral achievements.
- 1.2 All pupils have individual needs, which puts personalised learning at the heart of our teaching and learning programme. More able and talented pupils should be given the opportunity to access an optimal breadth and depth of learning; as such we aim to provide opportunities to develop specific skills and talents.

### 2 Definitions

<b>More Able</b>	Pupils who achieve, or have the ability to achieve, above average in one or more academic areas, including areas outside the main school curriculum. This also includes children who are leaders or role models and who display outstanding leadership and/or social skills.
<b>Talented</b>	Pupils who excel in one or more specific fields: <ul style="list-style-type: none"> <li>• Creative and Performing Arts – Art, Design &amp; Technology, Drama, Music;</li> <li>• Physical Education/sporting ability; and/or</li> <li>• Extra-curricular pastimes – e.g. Chess.</li> </ul>
<b>Dual Exceptionality</b>	Pupils who are more able or talented but also subject to a barrier of learning, such as Dyslexia, Asperger’s Syndrome, or a physical disability. It is worth remembering that able pupils can also be: <ul style="list-style-type: none"> <li>• of high ability but of low motivation;</li> <li>• of good verbal ability but have poor writing skills;</li> <li>• very able but with a short attention span;</li> <li>• very able with poor social skills; and/or</li> <li>• keen to disguise their abilities.</li> </ul>

### 3 Identification of More Able and Talented

- 3.1 The identification of more able and talented pupils is a process which the whole teaching and support staff participate in, as well as parents, carers and the children themselves.
- 3.2 The identification begins when a child joins the school. The school is keen to understand their achievements and interests in particular areas as they join the school. Discussions with parents and carers will enable us to create the best possible picture of the child, and records of awards and achievements in academic, sporting, musical, artistic and any extra-curricular activities will be helpful in this respect.
- 3.3 Both qualitative and quantitative information is used for identification purposes:
- In Reception, Early Years outcomes objectives are used as a guide to make best-fit judgements about whether a child is showing typical development for their age, maybe at risk of delay or is ahead of their age. A programme of formative, summative assessment takes place and at the end of the Reception year pupils are judged to be Emerging, Expected or Exceeding for each Early Learning Goal.
    - The More Able and Talented Co-ordinator, Academic Deputy Head, subject leaders will have access to an overview of pupils who demonstrate ability in their subjects. Pupil Progress Review (PPR) meetings are held termly to discuss pupils progress and pupils are added to the More Able and Talented Cohort monitoring form, outlining area and additional provision in place.
    - A programme of formative, summative (internal and external) assessment takes place (see the school Assessment Policy). We use this assessment data along with teacher

and subject specialist recommendations for non-academic subjects, to inform our more able and talented register.

- The More Able and Talented Co-ordinator, Academic Deputy Head, subject leaders and specialist teachers will have an overview of pupils who demonstrate ability in their subjects.

## 4 Responsibilities

### 4.1 Teachers:

- Identify the pupils who meet the criteria;
- Use enrichment/extension opportunities appropriately; and
- Identify and address underachievement.

### 4.2 Heads of Year, Deputy Head Academic, alongside SENCO and Head of School:

- Identify the pupils who meet the criteria;
- Plan for and use enrichment/extension materials appropriately;
- Identify and address underachievement; and
- Provide the Curriculum Manager and More Able and Talented Co-ordinator with assessment results.
- Prepare subject specific criteria with the More Able and Talented Co-ordinator;
- Inform department staff of these criteria;
- Identify the pupils which meet the criteria;
- Pass these names on to the More Able and Talented Co-ordinator;
- Provide schemes of work that contain enrichment/extension materials for identified pupils;
- Ensure that enrichment/extension materials are being used appropriately by staff; and
- Encourage children to enter local and national events and competitions.

### 4.3 More Able and Talented Co-ordinator/SENDSCO:

- Prepare from prior attainment data a register of the top 10% of each cohort year;
- Gather names of identified pupils from all areas of the curriculum;
- Categorise this information in a register, circulated to the Senior Leadership Team and all teaching staff;
- Meet with Heads of Year, Deputy Head Academic and Head of School biannually to review provision within year groups and specific classes
- Prepare courses of action for children who are identified as able in many areas (by agreement with senior management);
- Monitor the provision of more able and talented pupils;
- Evaluate the progress made by more able and talented pupils on an annual basis; and
- Lead/co-ordinate challenge focus groups.

### 4.4 Academic Deputy Head or equivalent:

- Monitor schemes of work and ensure that they allow opportunities for enrichment and extension;
- Work with the More Able and Talented Co-ordinator to oversee the process and activity;
- Include items concerning the provision of more able and talented children on meeting agendas; and
- Ensure that staff are made aware of opportunities for CPD development in supporting the needs of more able and talented children.

### 5 Coordination and Monitoring

- 5.1 The More Able and Talented Register for pupils is coordinated by the Deputy Head Academic, for pupils in KS1. The EYS SENDCo coordinaaes this register for pupils in Reception. The Register is reviewed on a regular basis, in association with pupil progress, departmental and/or staff meetings.
- 5.2 Talents and abilities emerge at different times due to developmental issues, and as new opportunities arise, therefore, inclusion in the cohort is not permanent. If it is perceived by parties that inclusion is no longer beneficial, pupils may be moved off, either temporarily or permanently. Such changes to the register will be discussed in parallel with the pupil and parents.
- 5.3 We recognise that some pupils who are more able and talented do not always show their ability. This may arise from learning difficulties such as dyslexia, or personal circumstances. The school aims to work with support programmes and parents to ensure a consistent achievement at the appropriate level for each child.

### 6 Strategies for Teaching

- 6.1 We offer opportunities for more able and talented pupils to thrive through:
- An enriched, stimulating and relevant curriculum;
  - Regular reinforcement of high expectations
  - Opportunities for pupils to work outside their usual working environment, where possible (e.g. regional enrichment events or workshops);
  - Independent and collaborative learning activities;
  - The focus on thinking and study skills, including metacognition;
  - Pupils self-assessing and evaluating their own work; and
  - Encouraging risk-taking and the experience of setbacks to develop resilience.

### 7 Extension, Acceleration and Enrichment

- 7.1 Opportunities to broaden pupils' learning experiences may include:
- Differentiation, where pupils may be grouped according to ability, and differentiated work is built into schemes of work and lesson plans to provide activities requiring extended higher order thinking skills;
  - Working on subject matter which would typically be for older pupils to access broader knowledge and develop more sophisticated thinking and reasoning skills. This may be through either giving pupils work which would usually be given to older pupils, or moving pupils up a year group, where practical;
  - Enabling a pupil to study aspects of a topic that there would not normally be time to study, or adding extra subjects or specialised calendar events to the curriculum or extra-curricular activities programme; and
  - Partnership with other schools or external organisations, for example workshop events, specialised holiday camps, and local, regional and national schemes/competitions.

### 8 Success Criteria

- 8.1 The success of this policy is measured by qualitative and quantitative evidence of an individual pupil's progress and the development of the More Able and Talented Register as a whole. This includes:
- Improved attainment in the areas in which they are more able or talented;
  - Increasing active involvement by pupils in assessment of their own progress and target setting;
  - Increasing higher level questions being asked by pupils;
  - Increasing levels of independent learning, including risk taking in learning; and
  - Increasing confidence and improving attitudes to learning.
