1 Introduction and aims

The purpose of this policy is to ensure that our Relationships and Sex Education (RSE) supports our school ethos and fulfils our school aims, which are defined as:

- To celebrate each child as an individual
- To have a happy school with a friendly, family atmosphere
- To provide a secure and nurturing environment where children learn tolerance, consideration and respect for others
- To help every child fulfill their potential through dedicated and inspirational teaching
- To educate the whole child by offering a wide variety of academic, sporting and extra-curricular activities

1.1 This policy applies to all students, including those in the Early Years.

1.2 This policy forms part of the curriculum.

1.3 We see the curriculum as, 'The total learning experience for our students, which includes not only the taught lessons but also the routines, behaviours, events, activities and other opportunities that our students experience on a daily, weekly and yearly basis in order to ensure that all of them make the best progress possible and attain high standards'.

1.4 A well-structured and coherent curriculum is a fundamental element of the tripartite education that underpins all successful schools and includes Teaching, Learning and Assessment (see model below) and is underpinned by Wellbeing.

The aims of RSE at our school are to:

- 1.5 Provide a framework in which sensitive discussions can take place.
- 1.6 Prepare students for puberty, and give them an understanding of sexual development and the importance of health and hygiene.
- 1.7 Help students develop feelings of self-respect, confidence and empathy.

- 1.8 Create a positive culture around sexuality and relationships.
- 1.9 Teach students the correct vocabulary to describe themselves and their bodies.
- 1.10 Help students understand that healthy relationships are an important part of wellbeing.

2 Statutory requirements

- 2.1 Our policy follows the statutory guidance given by the government (DfE) and meets the requirements of the Independent School Standards. Aspects of RSE are infused within the day to day operation of our school; incorporated through the curriculum, both in content included in subject schemes of work and through other planned learning opportunities in the school. They are captured in our written aims and expressed in the ethos and behaviours of everyone.
- 2.2 As a Nursery and Pre-Preparatory School, we must ensure that every registered student who is provided with primary education at the school is provided with relationships education, in accordance with section 34 of the Children and Social Work Act 2017 and the Independent School Standards

At North Bridge House we teach RSE as set out in this policy.

3 Policy development

This policy has been developed in consultation with staff, students and parents. The consultation and policy development process involved the following steps:

- Review – The SLT Team reviewed all relevant information, including but not limited to, relevant national and local guidance.
- The policy was drafted in accordance with statutory guidance and aligned with the Independent School Regulations. The school curriculum plans were amended accordingly.
- Staff consultation – school staff were given the opportunity to review the policy and make recommendations.
- Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy and offer commentary.
- Ratification – once amendments were made, the policy was published.
- Policy review – this policy will be reviewed in June 2022.

4 Definition

- 4.1 RSE is about the emotional, social and cultural development of students, and involves learning about relationships, healthy lifestyles, diversity and personal identity.
- 4.2 RSE involves a combination of sharing information and exploring issues and values.
- 4.3 RSE is not about the promotion of sexual activity, sexual orientation, or a specific sexual identity.

5 Curriculum

5.1 Our curriculum is set out in Appendix 1, but we may need to adapt this as and when necessary.

It will:

- i. consider the ages, aptitudes and needs of all pupils, including those pupils with SEND/ and an EHC plan;
- ii. not undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs; and
- iii. ensure that discriminatory, extremist opinions or behaviours are challenged as a matter of routine.

6 Delivery of RSE

RSE is taught as part of our PSHEE curriculum. PSHEE is delivered to all students through timetabled PSHEE lessons and taught by class teachers. T

PSHEE is further embedded throughout the culture of the schools through a series of topic based daily assemblies.

Children take part in specific themed days / weeks eg Friendship Week, Kindness week to promote caring friendships and respectful relationships. Examples of positive behaviour are rewarded and celebrated each through praise, reward systems and certificates in assembly. In addition, elements of the programme may also be supported through bringing in additional expertise, such as outside speakers or trained health professionals. Through the Science curriculum children learn to identify, name, draw and label the basic parts of the human body. They find out about life cycles of some animals and notice that animals, including humans, have offspring which grow into adults. All lessons are delivered in a fully age appropriate way and we ensure RSE education is sensitive to the different needs of individual pupils in respect of their differing abilities, levels of maturity and personal circumstances.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships, including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

6.1 For more information about our RSE curriculum, see Appendices 1 and our Curriculum Policy.

- 6.2 These areas of learning are taught within the context of family life, taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7 Roles and responsibilities

Staff & Governance

7.1 PSHE Lead Teacher

The person with responsibility for the overview and yearly evaluation of this policy is the PSHE Lead. However, all staff are responsible for ensuring this policy is implemented and acted on.

When evaluating the use and impact of this policy, our school leaders will evaluate the extent to which there is evidence of a curriculum which:

- Fulfils the aims of the school;
- Embeds aspiration, attributes and the expectation to achieve high standards and high rates of progress; and
- Provides engagement and excitement for learning.

7.2 The Head of School

The Head of School is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw students from [non-statutory/non-science] components of RSE (see section 8).

7.3 The Chair of Governors

The Chair of Governors will hold the Head of School to account for the implementation of this policy.

The Chair of Governors will ensure that:

- all pupils make progress in achieving the expected educational outcomes;
- the subjects are well led, effectively managed and well planned;
- the quality of provision is subject to regular and effective self-evaluation;
- teaching is delivered in ways that are accessible to all pupils with SEND;
- clear information is provided for parents on the subject content and the right to request that their child is withdrawn; and,
- the subjects are resourced, staffed and timetabled in a way that ensures that the school can fulfil its legal obligations.

7.4 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way;
- Modelling positive attitudes to RSE;
- Monitoring progress;
- Responding to the needs of individual students; and
- Responding appropriately to students whose parents wish them to be withdrawn from the non-statutory/non-science components of RSE.

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Head of School.

RSE is taught by all class teachers in the school

8 Students

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8.1 Students with Special Educational Needs and Disabilities

Our curriculum is inclusive and our RSE and Health Education is accessible for all students. For those pupils with special educational needs or specific learning difficulties, the school has a well-established Learning Support department, led by the SENCO. Further details of this provision can be found in our Special Educational Needs and Disability (SEND) Policy.

High quality teaching that is differentiated and personalised will be the starting point to ensure accessibility.

As set out in the SEND code of practice, when teaching these subjects to those with SEND, North Bridge House is mindful of preparing students for adulthood.

North Bridge House is aware that some pupils are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND. Relationships Education and RSE can also be particularly important subjects for some pupils; for example those with Social, Emotional and Mental Health needs or learning disabilities. Such factors will be taken into consideration in designing and teaching these subjects.

9 Parents' right to withdraw

- 9.1 If parents require more information on RSE for primary aged children, this is a useful information source of information:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/812593/RSE_primary_schools_guide_for_parents.pdf

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Head of School.

Alternative work will be given to students who are withdrawn from sex education.

A copy of withdrawal requests will be placed in the pupil's educational record. The Head of School will discuss the request with parents and take appropriate action.

10 Training

- 10.1 Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development programme.

- 10.2 The Head of School will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

11 Monitoring arrangements

- 11.1 The delivery of RSE is monitored by the PSHE Lead through:
Work scrutiny, lesson observations learning walks, etc.
- 11.2 Students' development in RSE is monitored by class teachers as part of our internal assessment systems.

Appendix 1

By the end of primary school, students should know:

TOPIC	STUDENTS SHOULD KNOW
Families and people who care about me	• That families are important for children growing up because they can give love, security and stability • The characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives • That others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care • That stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up • That marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong • How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed
Caring friendships	• How important friendships are in making us feel happy and secure, and how people choose and make friends • The characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties • That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded • That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right • How to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed

TOPIC	STUDENTS SHOULD KNOW
Respectful relationships	• The importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs • Practical steps they can take in a range of different contexts to improve or support respectful relationships • The conventions of courtesy and manners • The importance of self-respect and how this links to their own happiness • That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority • About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help • What a stereotype is, and how stereotypes can be unfair, negative or destructive • The importance of permission-seeking and giving in relationships with friends, peers and adults
Online relationships	• That people sometimes behave differently online, including by pretending to be someone they are not • That the same principles apply to online relationships as to face-to face relationships, including the importance of respect for others online including when we are anonymous • The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them • How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met • How information and data is shared and used online
Being safe	• What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context) • About the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe • That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact • How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know • How to recognise and report feelings of being unsafe or feeling bad about any adult • How to ask for advice or help for themselves or others, and to keep trying until they are heard • How to report concerns or abuse, and the vocabulary and confidence needed to do so • Where to get advice e.g. family, school and/or other sources
